

2019 Summer Cruise Guide

For those of you planning on attending this year's summer cruise the attached guide has important information for your review.

There will be two information meetings at the yacht club. The first will be held Thursday, July 11 at 7:00 pm. The second will be held Sunday, July 14th at 4:00 pm. Each information meeting will cover the information in the cruise guide and address questions from the membership about the proposed itinerary. The information meetings are for your benefit and not a requirement to participate in the cruise.

For those members participating in the summer cruise who have yet to make mooring and slip reservations time is of the essence. Mooring and slip reservations are the responsibility of the individual member and not the cruise committee. Reservations can be made as follows:

- **Westport – Saturday, August 3rd**

Reservations can be made through Dockwa or by emailing Rich Picard, the yard manager at F.L.Tripp & Sons (richpicard@fltripp.com). Either way, make sure you note that you are with the Wickford Yard Club.

- **Quissett – Sunday, August 4th & Monday, August 5th**

Reservations are not accepted in Quissett. Moorings are on a first-come basis. The Quissett Boatyard is aware of our arrival however and will be working to ensure enough moorings will be available.

- **Red Brook Harbor – Tuesday, August 6th & Wednesday, August 7th**

Two options are available for moorings and slips in Red Brook. Either Parkers Boat Yard or Kingman Yacht Center. Reservations for both can be made through Dockwa .

- **Marion – Thursday, August 8th**

Mooring reservations can be made through the Beverly Yacht Club. Contact either Rusty Peirce rusty@beverlyyachtclub.org or Holly Bouchard hbouchard@beverlyyachtclub.org or by calling the office at (508) 748-0540.

Requests for slips or moorings at Burr Bros can be made through Dockwa .

Finally, keep a sharp lookout for a Constant Contact invitation to sign up for the events planned for the cruise. It will be posted shortly.

Hope to see you when we get underway August 3rd!

Neil Bergh
Fleet Captain
